

(a) señal de energía: $E_{x_1} = 1/a$, $P_{x_1} = 0$

$x_1(t)$

(b) señal de potencia: $E_{x_2} = \infty$, $P_{x_2} = A^2/2$

$x_2(t)$

(c) ni energía ni potencia: $E_{x_3} = \infty$, $P_{x_3} = \infty$

$x_3(t)$
